

FAMILY PLANNING TRAINING PROGRAM

2022 Calendar

The ABCD Family Planning Training Program provides professional level training on family planning, reproductive health and sexuality education for healthcare providers, counselors, educators, and other community health workers.

bostonabcd.org/familyplanning

FAMILY PLANNING FOR HEALTH LEADERS

Each year, the **ABCD Family Planning Training Program** offers a comprehensive calendar of professional training opportunities. All of our trainings are hybrid and include self-paced, online content to be completed prior to the live sessions.

INTRODUCTION TO FAMILY PLANNING:

A one-session course for community agency staff.

BASIC FAMILY PLANNING:

A two-session family planning counselor certification course. In addition, there is a one-session course requirement covering ABCD and Title X requirements for family planning service provision at ABCD sub-recipient sites.

FAMILY PLANNING FOR ADVANCED PRACTICE:

A two-part training designed specifically for RNs, Advanced Practice Nurses, and Physician Assistants.

HIV EDUCATION FOR HEALTH WORKERS:

A one-session training designed for reproductive health educators and counselors, community health workers, and social workers.

In addition, trainings on current reproductive health topics are held several times a year. Specialized trainings on family planning and reproductive health topics are available for community and health care agencies by special arrangement with ABCD staff.

2022 TRAINING CALENDAR

Introduction to Family Planning

A one-session training including live and enduring material activities for health educators, outreach workers, and other community agency staff interested in an overview of family planning and reproductive health services. Participants will receive a certification upon completion of this course.

Mandatory Training & Networking Events

Mandatory trainings on current reproductive health topics are offered several times a year. These trainings are required for certified family planning counselors in ABCD family planning funded sites. Training topics and dates will be posted online every quarter.

Family Planning Counselor Networking events to be announced throughout the year. Attendance registration is required.

Behavioral Health Integration for Community Health Workers

A 14-hour training for community health workers (CHWs) working in healthcare settings that will address mental illnesses and substance use disorders most commonly evident in primary care settings. The skill-based training will review assessment skills, advocacy roles for CHWs, strategies and guidance for coaching patients through access barriers, treatment literacy, and behavioral health (BH) service navigation.

TOPICS INCLUDE: Common mental illnesses and substance use disorders (SUD), motivational interviewing, harm reduction theory and skills, social determinants of health, systemic racism, inequitable health and mental health outcomes, behavioral health service navigation, CHW collaboration with Behavioral Health clinicians and social workers.

FEE: No cost to participants.

TRAINING DATES & REGISTRATION DEADLINES:

TBD. Look out for upcoming training dates in Spring, Summer and Fall of 2022.

Behavioral Health Integration for Supervisors of Community Health Workers

An eight-hour training, split between two sessions, for supervisors of community health workers (CHWs) working in healthcare settings. This training will complement the BH Integration Training for CHWs. The skill-based training will review essential supervisory skills including advocacy for CHWs within health organizations, supervision of staff who are of different race or ethnicity, best practice in supportive supervision techniques, and communicating a clear understanding of the CHW role in the context of the behavioral health team.

TOPICS INCLUDE: Supportive supervision of CHWs, advocacy skills, systemic racism in healthcare, inequitable health and mental health outcomes, CHW collaboration with social workers and other behavioral health clinicians.

FEE: No cost to participants.

TRAINING DATES & REGISTRATION DEADLINES:

TBD. Look out for upcoming training dates in Spring, Summer and Fall of 2022.
