

BEHAVIORAL HEALTH INTEGRATION FOR CHWS

CHW SUPERVISOR VIRTUAL TRAINING

With a focus on integrating CHWs into behavioral health care, **this training is for Supervisors of CHWs in primary care settings**. ABCD offers an eight-hour virtual course, split between two days, for supervisors working with CHWs whose patients struggle with substance use and mental health issues in addition to physical health challenges. This training will help CHW supervisors understand and practice **supportive and collaborative supervision skills** as well as staff and client advocacy skills. *This training is part of the ongoing CHW Behavioral Health Integration Project.*

Trainers are CHWs with supervision experience and behavioral health specialists from health care settings.

SKILL BUILDING IN:

- Racial equity in behavioral health
- Advocacy on behalf of CHWs
- Supportive and collaborative supervision
